Memorandum

25X1A TO :

DATE: 4 December 1964

FROM : DAD/S&D

SUBJECT:

25X1A Task Order 2 has two parts. One has to do with a balloon study
and that work has been completed; the other had to do with a
25X1A analysis for I do not know that this has been completed.
These are two parts of work order 2. Would you check with to
see whether or not he has gotten his analysis and if it is
satisfactory. I don't believe he has.
